

# Carmen Selves at XX century

---

## INTRODUCTION

As for these paintings, the latest one is 25 years old, the oldest many more. Some are sold, in a museum and others the artist gave them. This is not a list to choose pictures for an exhibition. A complete photo list does not exist. Perhaps these are 10% of the pictures of Carmen Selves painted in the 20th century. They have not been chosen for being the best. They have been chosen randomly. There is one that, although it was a paint in oil color, only a black and white photography is included.
